# Who We Are

Land of Lincoln Legal Aid, Inc. is an Illinois not-for-profit corporation. We provide free civil legal services to low-income individuals and senior citizens in 65 counties in central and southern Illinois. We believe all people of central and southern Illinois should have access to justice, income security, adequate housing, quality education, healthcare, safety from violence and exploitation, and the opportunity to improve their own lives.

Our mission is to provide low income and senior residents throughout Illinois with high quality legal services in order to obtain and maintain their basic human needs. Through advice, representation, advocacy, education and collaboration, we seek:

- To achieve justice for those whose voices might otherwise not be heard;
- To empower individuals to advocate for themselves; and,
- To make positive changes in the communities we serve.

# Letter to Our Supporters

Dear Friends and Supporters:

After our 50th anniversary in 2022, Land of Lincoln Legal Aid (LOLLA) did not rest on our laurels. Indeed, 2023 was a year of program expansion to better serve the residents of our communities. With funding from Quanada, a domestic violence service provider, we opened our fourth satellite office in Quincy, Illinois, a community that is more than 2+ hours from our closest regional office. We established the Quincy Legal Partnership with Quanada and Ascend Justice, a Chicago-based legal aid organization, to serve the legal needs of domestic violence survivors in a 5-county region. The partnership aims to remedy the legal desert for survivors in and around Quincy, and provide legal and supportive services.

With funding from R3 and an LSC Pro Bono Innovation Fund grant, LOLLA launched a Justice in Schools Project in collaboration with East St. Louis School District 189. The project aims to address the civil legal problems of families in the District. We have worked with the District's Family and Community Engagement Center, which provides wraparound services, to help its social workers and other staff to identify legal problems facing students' families. We have regular office hours at schools, host clinics, and have trained many pro bono volunteers to handle cases, in addition to our staff. The project has led to an increase in East St. Louis residents seeking our help.

And finally, we have been collaborating with the Administrative Office of Illinois Courts and the First Judicial Circuit on a joint remote appearance project. Through the project, LOLLA staff are able to appear remotely in routine matters in the 9 counties that make up the First Circuit, some of which are more than 3 hours from our nearest office. Over the 2 years of the project, we appeared remotely 467 times, saving 633.5 hours of time, driving 18,432 fewer miles, and saving LOLLA \$11,626.83 in travel expenses. As a result of this time savings, Land of Lincoln gained the capacity to provide full legal representation in orders of protection hearings to 50 more domestic violence survivors.

We did all this, and still handled nearly 14,000 cases for our friends, neighbors, and residents in our 65 counties. We could not begin to do it without your continued support for our work. An 89-year-old woman recently wrote her LARC attorney, "Thank you for your help and your kindness...I am grateful to you all." We couldn't have said it better. We are grateful for you!

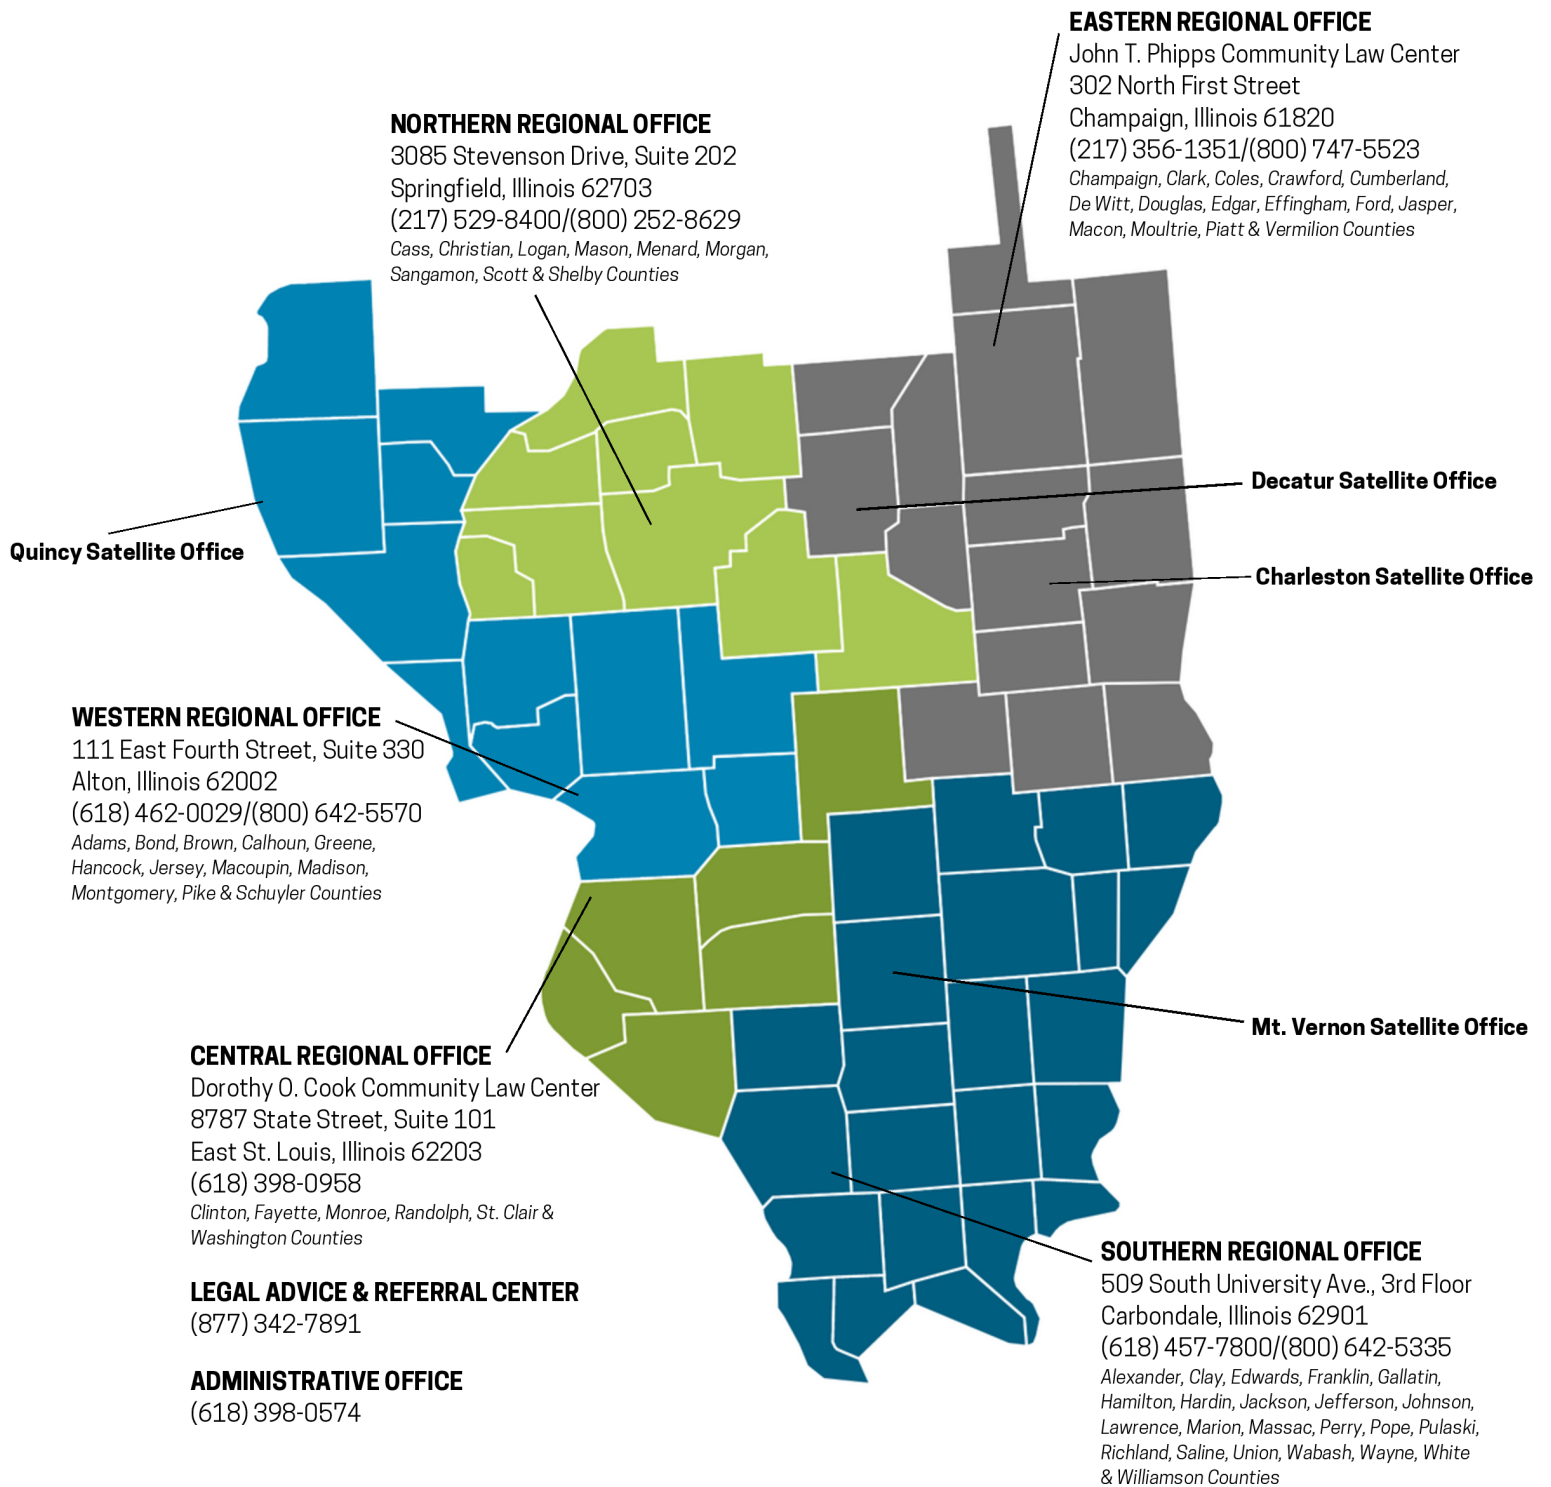

Yours truly,

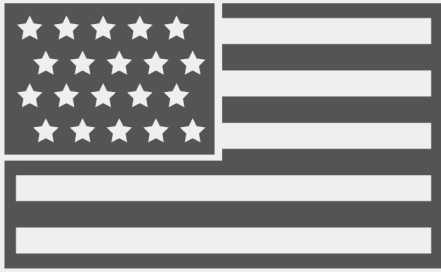

Clarissa Gaff  
Executive Director

Thanks to the generosity of our supporters, Land of Lincoln was able to help nearly 11,100 clients with almost 14,000 cases throughout our 65-county service area.

# Keeping Veterans Housed

Greg, a 67-year-old veteran, was referred to Land of Lincoln by the Veterans Administration (VA), because he was at risk of homelessness. Greg had received a notice that he must vacate the apartment he had been renting for the past 5 years due to upcoming construction and repairs on the unit. The landlord had informed all tenants that they must be out by the end of the year and instructed them not to pay rent for the last month.

Greg received a HUD-Veterans Affairs Supportive Housing (HUD-VASH) voucher and was current on rent. Due to his medical conditions, he was at high risk for COVID and did not want to be forced into communal or shelter housing.

Ultimately, Greg did not want to move and really wanted to stay in his home. A Land of Lincoln attorney negotiated with the landlord to let Greg stay in the unit during the remodeling. Greg was extremely happy because he loved the location of his home and did not want the burden of moving.

# Keeping Survivors Safe

point of  
**Survivor** [ sə'va  
remain alive or  
lives through a

Shelly, a 20-year-old woman, requested help in obtaining an order of protection against her ex-boyfriend who was harassing her using social media and threatening to rape and kill her. He had created nearly 20 different online accounts to stalk, harass, and threaten her.

Shelly obtained an emergency order of protection, but needed additional help presenting her case in court, and understanding her rights and safety. Shelly contacted Land of Lincoln to help her obtain a Plenary Order of Protection. Our attorney was able to help Shelly obtain a two-year order of protection.

While her ex-boyfriend stopped harassing Shelly for a short period of time, he started back up, violating the order of protection. Our attorney assisted Shelly in explaining her rights and connected her with local law enforcement to enforce the Order.

# Stopping Unjust Evictions

One of our caseworkers stepped in to support a family in keeping their home. It all started when our client, Mrs. K, reached out to us in March 2023. She and her husband were going to lose their mobile home because they couldn't keep up with the payments. The trouble began when Mrs. K fell seriously ill and almost didn't make it. Her husband had to take time off work to take care of her, which made it tough to keep up financially.

Our caseworker helped them apply for assistance from Illinois Homeowner Assistance Fund (ILHAF). Even though it wasn't a typical foreclosure case, their lawyer and the caseworker convinced ILHAF that our client qualified for help. Luckily, they got the assistance they needed, and the repossession threat was taken off the table. But things were still tough financially because Mrs. K's health was still declining.

Our staff explored other ways to help. Their Land of Lincoln lawyer worked with the lender to obtain more time, and the caseworker reached out to a local agency for additional financial assistance.

Thanks to our hard working staff, this family is now back on track with their payments. Without our help, they would have lost the stable home they needed for Mrs. K to recover.

Land of Lincoln Legal Aid is grateful for the help of the private bar in meeting the legal needs of low-income residents of southern and central Illinois. Private attorneys partner with Land of Lincoln to provide pro bono legal services to our clients and are critical to ensuring access to justice to all, not just those who can afford it. In 2023, pro bono attorneys handled 513 cases referred by Land of Lincoln. The attorneys listed provided assistance in 2023 and are currently active in our Pro Bono Attorney Program.
